flovien Ffollies  
2017

All works from the series *flovien Ffollies* are purposefully left undated. The artist defines the work number from the number spectrum 001–999. This system allows him to simultaneously create works, which avoid classification by artistic period, style and time. The series was started in 2013. With its standard size of 31,5 x 31,5 cm the artist makes reference to the size of a music LP and refers to the possibility of a collection of different works, similar to a LP collection. His numbering suggests that one day 999 individual artworks may be realized.
